All letters, telegrams, etc., intended for His Excellency and party should be addressed 'Madras Governor's Camp, India,' without the addition of any post town.

The party accompanying His Excellency will consist of—

Her Excellency the Lady Willingdon, G.B.E.
E. C. Smith, Esq., I.C.S., Private Secretary.
Major K. O. Goldie, O.B.E., M.V.O., O.B.E., Military Secretary.
Major T. N. Watson, M.C., Aide-de-Camp.
Capt. D. Powell, Aide-de-Camp.
Lord Shannon, Aide-de-Camp.

GOVERNMENT HOUSE, OOTACAMUND,
21st July 1922.

K. O. GOLDIE, Major,
Military Secretary.

PRIVATE SECRETARY'S OFFICE.

NOTIFICATION.

No. 2.—In connexion with the selection of Indian candidates for admission to the Royal Military College, Sandhurst, with a view to their qualifying for King's Commissions in the Indian Army, it is proposed to hold an entrance examination in Simla on the 2nd October 1922, for the term commencing in February 1923. The following information is published for the use of intending candidates :—

(1) Candidates must be between the ages of 17½ and 19 on the 1st January 1923, but the upper age limit will be 21 on the 1st January 1923 for candidates who were serving satisfactorily in His Majesty's Forces on or before the 1st January 1920, or in the Senior Division of the Officer's Training Corps on or before the 1st March 1919. Candidates must state their age *definitely*.

(2) Candidates are required to furnish a declaration which must be signed by their parent or guardian, to the effect that it is their intention to make the Army their permanent profession.

(3) Candidates must be prepared to pass a qualifying examination the detailed syllabus of which is printed as an appendix to this notification. The general educational standard required is that prescribed for the diploma of the Chief's Colleges, a school-leaving certificate recognized by a Local Government, the Matriculation examination of an incorporated University or any higher examination.

(4) Candidates will in addition, undergo a special test consisting of an oral examination conducted on similar lines to the Admiralty Test for the Royal Naval College. This examination which is designed to test the intelligence and general knowledge of candidates will be conducted by a Board of officers.

(5) A medical examination, according to the standard laid down in Appendix 18 of the Regulations for the Army Medical Service, 1908, will also be held in Simla. Candidates should attach to their applications a medical certificate from a *competent medical officer* to the effect that they come up to the standard mentioned above.

(6) The cost of a first-class railway fare from their homes and back will be granted to candidates attending the medical and qualifying examinations in Simla.

Candidates finally nominated to join the Royal Military College, Sandhurst, will also receive the cost of one first-class fare from their residence to the port of embarkation, in India, and a first-class passage by sea to England.

Applications for railway fares should be made to the Private Secretary to His Excellency the Governor of Madras.

Passages by sea for candidates selected for admission to the college will be arranged by the Embarkation Commandant, Bombay, under orders from Army Headquarters.

Selected candidates will be sent to England in charge of a British officer, who will be appointed by Army Headquarters and who will meet the candidates at Bombay. Each candidate will hand over to this officer at Bombay the sum of Rs. 300 to cover the cost of expenses incurred during the voyage to England.

(7) The fees for cadets at the Royal Military College, Sandhurst, are £200 per annum for two years in the case of sons of private persons and £55 per annum in the case of sons of military officers below the rank of Lieutenant-Colonel. These fees are exclusive of contingent expenses, sundries, etc., which are as follows :—

	£
Contingent account for four terms	100
Pocket money at £3 per mensem	72
Thirty weeks' vacation at about £5-5s. a week	157
Extra pocket money during vacation at £3-3s. a week	95
Sundries, say	136
Total ..	560

(8) The sum for sundries includes additional expenses during the vacations, such as travelling and entertainments. The expenses of cadets will as far as possible be kept within the above limits, but the parents or guardians of cadets must be prepared to pay any excess over these amounts.

(9) The above estimate does not provide for European kit on arrival in England other than the amount required for college uniform; for the purchase of European kit an additional sum of from £100 to £200 should be provided. Neither does this estimate include anything for the cost of outfit on being commissioned from the college.

(10) The Local Government will recover from parents or guardians one-half of the total estimated expenditure for two years at the beginning of each year of the Sandhurst course and pay it into the local Treasury with full details in each case and with instructions that the credits should be passed to the Secretary of State for India through the outward London Account Current.

(11) An allowance of 4s. a day, in aid of the expenses of messing, washing, and other contingencies, will be admitted as a charge against the public for each cadet so long as he is in residence at the Royal Military College. All other necessary expenses which cannot be covered by this allowance shall be chargeable to the parent or guardian of a cadet.

(12) If a cadet is absent a whole term in consequence of rustication, a payment of £10 shall be required in lieu of the half-year's contribution for the privilege of his name being kept on the rolls of the establishment, and for a vacancy being kept open at the commencement of the next term.

(13) If a cadet is rusticated or removed during a term, his daily allowance shall cease from the date of such rustication or removal, and the contribution made for the half-year shall be forfeited, unless otherwise specially decided by the Army Council.

(14) If a cadet is absent from sickness during a portion of the term, his allowance shall continue to be issued and credited to his account. In exceptional cases a refund of the contribution for the period of absence may be authorized by the Commandant, and in such cases the cadet's allowance shall cease for the period of the refund.

(15) Indians selected for cadetships will be subject to such rules and regulations as are, or may be from time to time, established for the maintenance of good order and discipline at the college.

They will, while at the Royal Military College, belong to the ordinary College Mess and no special messing arrangements can be made on their behalf.

Indian cadets are required to appear at all times in the uniform of the college except when on leave or when otherwise exempted by the Commandant, but they will be allowed to wear their national head dress should they so desire.

They will not be allowed to take servants or personal attendants of any kind to the college.

(16) One of the rules for admission to the Royal Military College is that a cadet should be unmarried. This rule will be waived in the case of Indian candidates, but in no circumstances will a cadet be allowed to take his wife or family to England.

(17) The normal length of the course of instruction will be about two years divided into four terms. The college terms will be—

Spring term.—From about beginning of February to about middle of July.

Autumn term.—From about beginning of September to about middle of December.

The intermediate periods will constitute the vacations.

(18) Cadets from India will have to qualify in the ordinary passing out examination and will, on qualifying, be eligible for King's Commissions. Before being passed as fit for a commission, they must be certified to be in good mental and bodily health and free from any physical defects likely to interfere with the performance of their military duties. Those who are successful in obtaining commissions will enter the Indian Army as Second-Lieutenants.

(19) Unless a Government building is available, candidates will be provided with private accommodation, usually in a hotel at Simla. Candidates will be charged for messing, but the

cost of the rent of the quarters will be borne by Government. Suitable arrangements will be made for those candidates who are precluded, by caste, from eating the food provided

Candidates may arrange for quarters in the hotel other than those provided, but they will be liable for any additional cost incurred. Candidates will on no account be allowed to live elsewhere.

Parents or guardians must ensure that candidates are provided with sufficient funds to meet the cost of their expenses while in Simla.

(20) The Private Secretary to His Excellency the Governor of Madras, to whom applications should be made not later than August 10th, will intimate to the selected candidates the fact of their selection. No applications received after the 10th August will be considered.

(21) Intending candidates should submit their application in the form below:—

FORM OF APPLICATION.

1. Name in full (to be typed or hand printed)
2. Date of birth (this must be *definitely* stated).
3. Caste and tribe
4. Name, occupation and address of father, stating if living or deceased.
5. Name, occupation and address of guardian or male next-of-kin in event of father not being alive.
6. Brief summary of any military service rendered by candidate or near relatives.
7. Place and standard of education, examinations passed, with dates, linguistic qualifications other than English, furnishing certificates.
8. Whether able to ride and what games played.
9. Permanent address in India
10. Particulars of non-military service (if any) in any Government or Civil Department rendered by near relatives of candidate.
11. Whether able to speak English fluently.
12. Vernacular selected as fourth obligatory subject.
13. Optional subject selected.
14. Whether freehand drawing selected or not.
15. Medical Report.

APPENDIX.

SYLLABUS OF EXAMINATION FOR INDIAN CANDIDATES FOR ADMISSION TO THE ROYAL MILITARY COLLEGE, SANDHURST

1. The subjects of the examination and the maximum number of marks obtainable for each subject are as follows:—

Class I—Obligatory.	Marks.	*Class II—Optional.*	Marks.
(i) English	2,000	(v) and (vi)—	
(ii) Indian History and General Geography.	2,000	(a) Urdu	2,000
(iii) Mathematics (Elementary).	2,000	(b) Persian, Arabic or Sanskrit.	2,000
(iv) An Indian Vernacular ..	2,000	(c) Physics and Chemistry or General Science	2,000
		(d) Mathematics (Intermediate).	2,000
		(e) British Imperial History ..	2,000

2. All the subjects in Class I must be taken up, and not more than two of the subjects of Class II, one only of which may be a language. If Urdu is selected as subject (iv) in Class I, it cannot be taken up as one of the two subjects in Class II. It is notified for the information of candidates that the optional subjects mentioned in (v) and (vi) (c) above—Physics and Chemistry or General Science—are two separate subjects, the syllabus of one being different from that of the other as will be seen from the detailed syllabus below.

Candidates who take up Sanskrit in the qualifying examination are warned to make use of the Deva Nagri character in writing.

Candidates will be required to qualify, i.e., to obtain not less than 50 per cent of the total marks allotted to English and 33 per cent in the other three subjects named in Class I.

3. Candidates who take optional subjects will be required to obtain 33 per cent of the marks allotted to each subject. Marks obtained below 33 per cent will not count in the aggregate.

Candidates who fail in one obligatory subject but make 6,000 marks or more in the aggregate will be classified as qualified candidates according to the aggregate of the marks obtained.

4. In addition to the above named subjects, candidates may take up free-hand drawing to which 400 marks will be allotted.

SYLLABUS OF SUBJECTS FOR THE ENTRANCE EXAMINATION.

English.

(Marks 2,000)

Essay. Three alternative subjects to be given for an essay or letter of which candidates may choose one.

Reproduction of a passage read out to the candidate.

General paper (to test general knowledge and intelligence).

Indian History (General).

(Marks 1,000.)

Questions will be set which will give the candidate an opportunity of showing his general knowledge of Indian History. Questions will deal only with the broad outline of the subject and knowledge of detail will not be expected. Some choice of questions will be allowed.

Geography

(Marks 1,000.)

A.—The general geography of the world and its physiographical basis, viz.—

The size and shape of the earth, latitude and longitude; general distribution of land and sea.

The atmosphere; seasonal and regional variations of temperature, pressure and rainfall; winds.

The sea; form and temperature of the oceans; drift and stream currents; the tides

The land: characteristics and distribution of mountains, tablelands, highlands and plains; action of ground and surface water, ice and wind; types of land forms; characteristics of river systems

Effects of climate on vegetation; characteristics and distribution of forest, grass lands and deserts. Animals characteristic of the chief vegetative regions; the great fishing grounds.

General characters and distribution of the chief races of mankind.

Distribution of population and of occupations in relation to physical features, climate, and vegetation; the natural divisions and the chief products of each continent; geographical reasons for the position of the great cities of the world and the routes between them. Frontiers.

Simple methods of making maps

Candidates will be expected to show an elementary knowledge of the topography of the world, and to be able to read topographical and statistical maps, including Ordnance Survey maps.

B.—The Geography of India in detail, particularly its frontiers.

Mathematics (Elementary).

(Marks 2,000.)

Arithmetic.—The ordinary processes of arithmetic; the commonest units in the tables of measurement of length, area volume (including pints, quarts, gallons) and weight (avoirdupois); the metre, gramme and litre with their commoner multiples and sub-multiples; franc and centime, dollar and cent. A knowledge of recurring decimals and the process of extracting the cube root will not be required. Questions will not be set on "present worth" or "true discount". The use of contracted methods will not be required.

Questions will also be set on the use of callipers and vernier, on determination of areas, by dimensions (rectilinear figures, circles), by squared paper, by weighing; area of cross-section and diameter of a tube; determination of volume, by dimensions (rectangular block, sphere, cylinder), by displacement (overflow, graduated jar, burette), by weighing; use of balance; determination of density and specific gravity.

The use of algebraic symbols and processes and the use of slide rules and tables of logarithms will be allowed.

Algebra.—The expression of an arithmetical generalization in a formula; easy questions on the simplification of algebraical expressions, such as might arise in dealing with practical problems; interpretation of a formula; evaluation of a formula for numerical values of its variables; simple equations; easy quadratic equations; solution of two linear simultaneous equations; algebraical equivalents of item 32 in the Cambridge Geometry Schedule*; easy factors; easy graphs; change of the subject of formula; the use of four-figure logarithm tables.

Geometry.—Practical and theoretical geometry according to the Cambridge Geometry Schedule.* Proofs will not be required of the propositions marked with an asterisk. Numerical solution of right-angled triangles by geometry or by use of cosine and tangent.

Candidates will be expected to be acquainted with the forms of the simpler solid bodies, namely, the cube, the rectangular block, the sphere, the cylinder, the wedge, the right pyramid, and the cone

In the absence of special instructions that a question is to be answered by a particular method, candidates are at liberty to choose their method from any branch of mathematics.

* See pages 719-720

An Indian Vernacular.

(Marks 2,000.)

1. Translation from the Vernacular into English.
2. Translation from English into the Vernacular.
3. An essay or letter on one or two alternative subjects.
4. Colloquial. Candidates to—
   (i) talk in the Vernacular;
   (ii) write a short dictated passage in the Vernacular.

Urdu.

(Marks 2,000.)

1. Translation from Urdu into English.
2. Translation from English into Urdu.
3. An essay or letter on one or two alternative subjects.
4. Colloquial. Candidates to—
   (i) talk in Urdu;
   (ii) write a short dictated passage in Urdu.

Persian, Arabic or Sanskrit.

(Marks 2,000.)

1. Translation from Persian, Arabic or Sanskrit into English.
2. Translation from English into Persian, Arabic or Sanskrit.

Physics and Chemistry.

(Marks 2,000.)

Physics.

(*a*) *Heat and Optics.*—Sources and production of heat; thermometry; expansion; calorimetry, specific heat, change of state latent heat, convection, conduction and radiation. Relation of heat to other forms of energy; the mechanical equivalent of heat. Practical applications.

Production and propagation of light; the reflection and refraction of light at plane and spherical surfaces; the formation of images; mirrors and simple lenses; simple optical instruments. Dispersion and colour; vision.

(*b*) *Electricity and Magnetism.*—Simple experiments and measurements with magnets; lines of force; terrestrial magnetism. Elementary principles of electro-statics; electro-static induction. Simple forms of cells; electromotive force, current, resistance; the magnetic, chemical and thermal effects of a current; method of measuring currents. The tangent galvanometer and moving coil galvanometer. Electro-magnetic induction; elementary questions on the application of these principles, e.g., to the dynamo or motor, telegraph or telephone, may be set.

Practical Work.—Simple qualitative experiments to illustrate the phenomena of heat; use of the calorimeter. Experiments with plane and concave mirrors and convex lenses.

Simple experiments on magnetism; mapping fields; comparison of magnetic moments and of pole strengths. The electroscope and electrophorus. Use of the tangent galvanometer to compare resistances and electromotive forces; simple experiments in electrolysis. Wheatstone's Bridge; determination of specific resistance.

In the event of a practical test being impossible the whole of the marks will be allotted to the written papers.

Chemistry.

The distinction between elements, compounds, mixtures; the laws of combination; equivalent weight, molecular weight, atomic weight, and their determination by direct methods only.

The chemistry of the following elements and of their chief compounds—Hydrogen, Chlorine, Bromine, Iodine, Oxygen, Sulphur, Nitrogen, Phosphorus, Carbon, Potassium, Sodium, Zinc, Iron, Copper. Acids, bases, and salts. The relation of the atmosphere to plant and animal life. The part played by carbon in the growth of plants.

Practical Chemistry.—Experiments illustrating the difference between elements, compounds and mixtures; the preparation and properties of the commoner gases and the simpler compounds of the elements in the schedule; observations on the behaviour of bodies under the action of reagents, including bodies not mentioned in the schedule; simple experiments involving weighing and the measurements of volume, including the volume of gases.

In the event of a practical test being impossible the whole of the marks will be allotted to the written papers.

General Science.

(Marks 2,000.)

Papers will be set to test the candidate's knowledge of scientific principles and of their application in everyday life, as indicated in the following schedule:—

Principles of mechanics, illustrated by falling bodies and by simple machines; the meaning of mass, weight, force, energy; the transformations of energy.

The general properties of solids, liquids and gases; principles of hydrostatics with practical applications; outlines of diffusion and surface tension

Production and sources of heat; the ideas of temperature and quantity of heat; effects of heat on matter; transference of heat. Relation between heat and work as illustrated in the steam engine and the internal combustion engine. Domestic heating and ventilation.

Production and propagation of sound; pitch, loudness and quality.

Production and propagation of light; reflection, refraction and dispersion; colour. The eye and simple optical instruments. Domestic lighting.

Elementary ideas of magnetism. The fundamental experiments of electrostatics. Effects of the electric current. Ohm's law. Current induction, with the outlines of its application in the dynamo. Practical applications of electricity in domestic lighting and in the transmission and transformation of energy.

The chemistry of air and water and of the elements contained in them. The chemistry of combustion; common forms of fuel; carbon as a reducing agent in metallurgy. The relation of the air and its constituents to the life of plants and animals and to the weathering of rocks. The general laws of chemical combinations illustrated by a few common substances (*e.g.*, chalk, sulphur, salt and common acids and bases); explanation of these laws by the atomic theory.

The distinction between living and non-living things, the distinction between typical plants and typical animals. The life of a plant; importance of plants in building up food and fuel. Fundamental principles of agriculture. Simple cases of fermentation and enzyme action. Simple physiology and hygiene.

The solar system; stars and nebulæ. General structure of the earth's crust; igneous and sedimentary rocks; agents of denudation and deposition; fossils and their significance.

Some choice of questions will be given. A laboratory test may be included in the subject matter of the above syllabus, but due notice will be given of its introduction.

Intermediate Mathematics.

(Marks 2,000.)

Includes Elementary Mathematics together with :—

Geometry.—Elementary ideas in solid geometry treated informally (angle between planes, angle between line and plane, great and small circles of sphere, mensuration).

Algebra.—Solution of two simultaneous equations, one linear and one quadratic; easy questions in variation; the meaning and simplest properties of negative and fractional indices; use of logarithmic notation; arithmetic progression, finite geometric progression; rate of change of a function and gradient of a graph; practical application of gradients and of areas of graphs.

Trigonometry.—Solution of plane triangles; graphs of trigonometrical functions; use of four-figure tables; formulæ for trigonometrical ratios of the sum and difference of two angles.

Statics and Dynamics.—The lever, the inclined plane, the pulley and other simple machines; the composition and resolution of forces in one plane; moments; simple graphical methods; friction; simple cases of equilibrium; properties of the centre of gravity; work; velocity ratio, mechanical advantage, and efficiency of a machine.

The composition and resolution of velocities and accelerations in one plane; rectilinear motion under uniform acceleration; Newton's laws of motion; the conservation of linear momentum; work and energy; the time of flight, greatest height, and horizontal range of a projectile.

Proofs of the parallelogram and triangle of forces, and of the principle of moments will not be asked for.

In the absence of special instructions that a question is to be answered by a particular method, candidates are at liberty to choose their method from any branch of mathematics.

British Imperial History.

The age of discovery.
Trade and Settlement.
Foreign wars, their causes and the additions to the Empire resulting from them.
The constitutions of the Dominions. Crown Colonies and Protectorates.
The general expansion of the Empire from the beginning of the 17th century to 1914.

"The British Empire" by Sir Charles Lucas is recommended for study by candidates taking this subject.

The Cambridge Geometry Schedule.

The order in which the theorems are stated is not imposed as the sequence of their treatment.

[Section I (Practical Geometry).]

1. Bisection of angles and of straight lines.
2. Construction of perpendiculars to straight lines.
3. Construction of an angle equal to a given angle.
4. Construction of parallels to a given straight line.
5. Simple cases of the construction from sufficient data of triangles and quadrilaterals.
6. Division of straight lines into a given number of equal parts.

7. Construction of a triangle equal in area to a given polygon.
8. Construction of tangents to a circle, and of common tangents to two circles.
9. Simple cases of the construction of circles from sufficient data.

[Section II (Practical Geometry).]

10. Division of straight lines into parts in any given proportions.
11. Construction of a fourth proportional to three given straight lines and a mean proportional to two given straight lines.
12. Construction of regular figures of 3, 4, 6 or 8 sides in or about a given circle.
13. Construction of a square equal in area to a given polygon.

[Section III.]

ANGLES AT A POINT.

*14. If a straight line stands on another straight line, the sum of the two angles so formed is equal to two right angles, and the converse.
*15. If two straight lines intersect, the vertically opposite angles are equal.

PARALLEL STRAIGHT LINES.

*16. When a straight line cuts two other straight lines, if
(i) a pair of alternate angles are equal, or
(ii) a pair of corresponding angles are equal, or
(iii) a pair of interior angles on the same side of the cutting line are together equal to two right angles,
then the two straight lines are parallel; and the converse.
*17. Straight lines which are parallel to the same straight line are parallel to one another.

TRIANGLE AND RECTILINEAR FIGURES.

18. The sum of the angles of a triangle is equal to two right angles.
19. If the sides of a convex polygon are produced in order, the sum of the angles so formed is equal to four right angles.
*20. If two triangles have two sides of the one equal to two sides of the other, each to each, and also the angles contained by those sides equal, the triangles are congruent.
*21. If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.
*22. If two sides of a triangle are equal, the angles opposite to these sides are equal; and the converse.
*23. If two triangles have the three sides of the one equal to the three sides of the other, each to each, the triangles are congruent.
24. If two right-angled triangles have their hypotenuses equal, and one side of the one equal to one side of the other, the triangles are congruent.
25. If two sides of a triangle are unequal the greater side has the greater angle opposite to it; and the converse.
26. Of all the straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.
27. The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram, and the diagonals bisect one another.
28. If there are three or more parallel straight lines, and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

AREAS.

29. Parallelograms on the same or equal bases and of the same altitude are equal in area.
30. Triangles on the same or equal bases and of the same altitude are equal in area.
31. Equal triangles on the same or equal bases are of the same altitude.
32. Illustrations and explanations of the geometrical theorems corresponding to the following algebraical identities:—

$$k(a+b+c+\ldots)=ka+kb+kc+\ldots$$
$$(a+b)^2=a^2+2ab+b^2,$$
$$(a-b)^2=a^2-2ab+b^2,$$
$$a^2-b^2=(a+b)(a-b).$$

33. The square on a side of a triangle is greater than, equal to, or less than the sum of the squares on the other two sides, according as the angle contained by those sides is obtuse, right, or acute. The difference in the cases of inequality is twice the rectangle contained by one of the two sides and the projection on it of the other.

LOCI.

34. The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.

35. The locus of a point which is equidistant from two intersecting straight lines consists of the pair of straight lines which bisect the angles between the two given lines.

THE CIRCLE.

36. A straight line, drawn from the centre of a circle to bisect a chord which is not a diameter, is at right angles to the chord; conversely, the perpendicular to a chord from the centre bisects the chord.

*37. There is one circle, and one only, which passes through three given points not in a straight line

*38. In equal circles (or, in the same circle) (i) if two arcs subtend equal angles at the centres, they are equal; (ii) conversely, if two arcs are equal, they subtend equal angles at the centres.

*39. In equal circles (or, in the same circle) (i) if two chords are equal they cut off equal arcs; (ii) conversely, if two arcs are equal, the chords of the arcs are equal.

40. Equal chords of a circle are equidistant from the centres, and the converse.

[Section IV]

THE CIRCLE—*(continued)*.

41. The tangent at any point of a circle and the radius through the point are perpendicular to one another.

42. If two circles touch, the point of contact lies on the straight line through the centres.

43. The angle which an arc of a circle subtends at the centre is double that which it subtends at any point on the remaining part of the circumference.

44. Angles in the same segment of a circle are equal; and if the line joining two points subtends equal angles at two other points on the same side of it, the four points lie in a circle.

45. The angle in a semi-circle is a right angle; the angle in a segment greater than a semi-circle is less than a right angle; and the angle in a segment less than a semi-circle is greater than a right angle

46 The opposite angles of any quadrilateral inscribed in a circle are supplementary; and the converse.

47 If a straight line touch a circle, and from the point of contact a chord be drawn, the angles which this chord makes with the tangent are equal to the angles in the alternate segments.

48. If two chords of a circle intersect either inside or outside the circle, the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

[Section V.]

PROPORTION. SIMILAR TRIANGLES.

49 If a straight line is drawn parallel to one side of a triangle the other two sides are divided proportionally; and the converse

50. If two triangles are equiangular, their corresponding sides are proportional; and the converse.

51. If two triangles have one angle of the one equal to one angle of the other and the sides about these equal angles proportional, the triangles are similar.

DRAFT RULE.

The following shall be substituted for rule 1, clause (*i*), of the Rules published with the notification in the Finance and Commerce Department No. 3100-S.R., dated the 20th August 1903, as subsequently amended, regarding the carriage of petroleum in ships to which the Native Passenger Ships Act, 1887, applies, namely :—"Petroleum carried as fuel in bulk for the use of the ship may be carried in cellular double bottoms under engine and boiler compartments, and under ordinary holds, also in peak tanks, deep tanks and bunkers of approved construction, provided that the oil fuel storage tanks and installations in connexion therewith fully comply with the requirements laid down by the Board of Trade, in circular No. 1024 (Oil Fuel Installation in Passenger Steamships), dated November 1920."

Fort St. George, August 1, 1922.

No. 135.—The following G.O.Ms. No. 823, Finance, dated 22nd July 1922, is published :—

Letter from the Superintendent of Stationery No. Fe. 92-21, dated 16th June 1922.

The size of C.F. No. 176 (old C.F. No. 181 consignor's credit note form was reduced by G.O. No. 274, Financial, dated 22nd March 1920. Prior to the reduction, the credit note form was in triplicate counterfoil, of which the 'original' was retained as *Office copy*, the duplicate was sent to the

Railway Audit Officer for recovery of cost and the triplicate was preserved as a record in the booking railway station. Though this form was introduced with the knowledge and approval of the two railway authorities (Madras and Southern Mahratta and South Indian Railways), they refused to book goods consignments without their goods forwarding notes being sent in addition to the credit note, while formerly they accepted them without separate railway forwarding notes. It follows, therefore, that they have accepted the change in the size of the form under a misapprehension and the change has not resulted in the saving of any scriptory work. I, therefore, request the sanction of Government to revise the form according to the enclosed specimen and supply them in quarto books of fifty triplicate sets, each set being machine numbered serially. The books will be bound in such a way as to facilitate taking carbon copies. The original is to be written with indelible copying ink pencils and should be sent to the Railway audit office for recovery of cost of freight if presented as a credit note and not as a forwarding note. The duplicate will be retained in the booking railway station and the triplicate as an office copy. The former two will be perforated. This form has been designed with the consent of the two railway companies to serve all the purposes of booking or taking delivery of consignments, goods or parcels sent through Madras and Southern Mahratta and South Indian Railways.

Its advantages are—

(1) Saving of scriptory labour.

(2) Saving of time and labour in procuring goods forwarding notes.

(3) Saving of time and labour in procuring separate consignee's credit note forms.

(These are at present obtained on separate consolidated requisitions from intending officers and further consolidated in my office and sent to the Superintendent, Government Press, who in turn obtains them from the respective railway authorities and supplies them to all officers in the Presidency—Please see Finance Endorsement No. 4744, dated 31st August 1916).

(4) Saving of the use of separate parcel or goods forwarding note forms (C.F. No. 302, parcel and goods forwarding note) and (C.F. No. 357, parcel forwarding note) in respect of consignments for which charges should be recovered from the consignee at the destination.

(5) And lastly saving the confusion of having a number of forms for allied purposes.

2. If my proposals are approved, I request that my letter may be published in the *Fort St. George Gazette*, along with the Government Order for the information of the several officers in the Presidency.

(c) Commencing in VI standard. (b) Commencing in I Form (c) I.e., from July 1922 to June 1923 both inclusive.

N.B.—The distribution of the scholarships among the different circles will be made separately.

SECTION II.—*General regulations.*

(1) Forms of application for the different grades of scholarships awardable under this sanction may be obtained on indent from the Inspectresses of Girls' schools.

(2) Applications for scholarships tenable in higher elementary standards and in secondary schools shall be submitted to the Inspectresses of the circles where the institution in which the scholarship is tenable is situated, by the head or manager of the institution in which the pupil studied in 1921-22 through the head or manager of the institution in which she intends to study, and through the inspecting officer who inspects that institution.

All applications should be dated. Separate forms should be used for each grade of scholarship. If one form is not large enough, the list should be continued on another form.

(3) All applications for scholarships should reach the Inspectress concerned before the 15th September 1922. Applications submitted after the prescribed date will not be considered.

(4) Scholarships will be sanctioned by Inspectresses at their discretion and subject to the conditions, if any, which have been specified in the notification. Scholarships remaining unappropriated in one circle may be utilised for additional scholarships in other circles. The transfer of such scholarships from one circle to another will be made by the Director and Inspectresses will therefore furnish him before the end of October next, with a statement showing the number of scholarships placed at their disposal the number sanctioned by them under each head for the different classes of the community, such as Oriyas, Muhammadans, Muppillas, Adi-dravidas, Adi-andhras, other backward classes, Indian Christians, Brahmans, Non-Brahmans, etc., and the number available for transfer. Any scholarship vacated in the course of the period for which it is tenable may be awarded for the remaining period to an eligible applicant in the same year of study as the holder of the scholarship vacated. *No new scholarship can be awarded to a student in the middle of a course.*

(5) The names of the selected candidates will be notified by Inspectresses in the District Gazette.

(6) Casual leave without diminution or loss of scholarship may be granted for good and sufficient reasons for a period not exceeding fifteen days in the year, provided such leave does not immediately precede or succeed gazetted holidays. Under the above conditions, leave for scholarship-holders in schools may be sanctioned by the head of the institution, who shall then report it to the Inspectress concerned. If a scholarship-holder absents herself without good reason on the re-opening day after the vacation for the school, the scholarship for the vacation is liable to be withheld under the orders of the sanctioning authority.

(7) No person receiving a scholarship under this notification shall be permitted to hold any other scholarship provided wholly or partly by Government without the special sanction of the Director. Such sanction will be accorded only for very distinguished merit.

(8) In cases where the order of merit cannot be ascertained, or where the number of eligible candidates is in excess of the number of available scholarships, it is open to heads of institutions to hold a competitive examination in one or more subjects with a view to select the most deserving candidates.

(9) All scholarships tenable under the above rules are liable to forfeiture for idleness, misconduct, irregularity in attendance, or failure to make due progress or to secure annual promotion.

(10) A scholarship held in any class shall run from the beginning of the month in which the holder joins the class, and shall not continue to be drawn after she ceases to attend it.

(11) The scholarships are payable monthly and in advance.

(12) The scholarships sanctioned may, on the scholarship-holder's promotion to the next higher class, be either renewed or increased at the rates given above, provided the scholarship-holder's progress and conduct have been satisfactory. Applications for renewal or increased scholarship shall be submitted on the prescribed form. The instructions referred to above regarding the supply of forms and the date and manner of submission of first applications shall apply equally to the submission of applications for renewal or increased scholarships.

(13) A register of scholarships, as required under rule 60 of the Madras Educational Rules, and also the acquittance roll prescribed in the Director's Proceedings Dis. No. 3725, dated 31st May 1922, shall be maintained by the heads of institutions concerned and shall be produced at the time of the departmental inspection of the institution.

SCHOLARSHIPS FOR HINDU AND MUHAMMADAN WIDOWS, 1922-23.

Sixty-three scholarships will be awarded to Hindu and Muhammadan widows studying in recognized schools and will be tenable for one year in the classes specified below :—

(1) Nine scholarships of the monthly value of Rs. 4 each in the IV standard or class.
(2) Nine scholarships of the monthly value of Rs. 5 each in the V standard or class.
(3) Nine scholarships of the monthly value of Rs. 6 each in the I form.
(4) Nine scholarships of the monthly value of Rs. 7 each in the II form.
(5) Nine scholarships of the monthly value of Rs. 8 each in the III form.

Eighteen guardian allowances of Re 1 per mensem, tenable for one year, to supplement scholarships (3), (4) and (5) will be granted to enable Hindu and Muhammadan widows to study in places other than their native towns or villages when the schools in their native towns or villages do not contain the required forms.

(6) Six scholarships of the monthly value of Rs. 10 each in the IV form.
(7) Six scholarships of the monthly value of Rs. 11 each in the V form.
(8) Six scholarships of the monthly value of Rs. 12 each in the VI form.

Twelve guardian allowances of Re. 1 per mensem, tenable for one year, to supplement scholarships (6), (7) and (8) will be granted to enable Hindu and Muhammadan widows to study in places other than their native towns or villages when the schools in their native towns or villages do not contain the required forms.

The award of the above scholarships and allowances will be left to the discretion of the Inspectresses. The Inspectresses will furnish the Director before the end of October next with a statement showing the number of scholarships and guardian allowances placed at their disposal, the number sanctioned by them under each head, the number available for transfer, and the number additionally required, if any.

N.B.—The distribution of the scholarships and guardian allowances among the different districts will be made separately.

UNIVERSITY OF MADRAS.

NOTIFICATION.

INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN SEPTEMBER AND OCTOBER 1912.

Candidates for University Examinations are required to observe the following instructions very carefully :—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious disease of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each book. Failure to write their register numbers may involve the rejection of answer papers

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out ; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners ; should they do so, their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, slate, manuscript, or paper of any description ; from communicating with or copying from each other ; and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be sent out of the room forthwith, and his conduct will be reported to the Registrar. The use of utensils at University Examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in the Physical Sciences will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates in groups (i) and (ii) of the Intermediate and B.A. Degree Examinations.

9. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering their question papers.

10. Particular attention is requested to the instructions regarding rough working and loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

11. As soon as candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each should stand up in his place and remain standing until one of the superintendents has gone up to him and has received his answer book from him

12. Communications to the Registrar from candidates requesting information relating to the results of examinations will not receive attention until after the publication of the results in the *Fort St. George Gazette*. Success or failure, however, will be communicated by telegraph, if prepaid.

The hall tickets of candidates sitting for the examinations at Madras will be ready for distribution at the Senate House four days before the date of each examination. Candidates sitting for the examinations at centres other than Madras should apply to the Chief Superintendent of the respective centres for their hall tickets.

Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity.

The time tables for the several examinations are as follow :—

SALE OF NUX VOMICA.

It is hereby notified for the information of the public that the right to collect and remove nux vomica seeds in the reserves and unreserves of the South Cuddapah division will be sold in public auction on 2nd September 1922 at Cuddapah by the District Forest Officer at 3 p.m.

2. The lease will be for two collecting seasons of the seeds if the prices are good, if not, only one collecting season. Collecting season of seeds lasts from 1st October till 31st January.

3. The conditions of the agreement will be read out at the time of sale or, if they are required beforehand, they may be ascertained from the District Forest Officer.

4. No person will be allowed to bid at the auction sale unless he has previously deposited a sum of Rs. 100 as earnest money. The deposits of unsuccessful bidders will be returned to them immediately after the auction, while that of the successful bidder will be retained as part payment of security deposit.

5. The successful bidder should at once make a further deposit amounting to 10 per cent of the sale amount including the earnest money deposit which sum will be held as security deposit for the due fulfilment of the contract.

6. Within fifteen days of the intimation confirming the sale the purchaser should pay the first instalment and execute an agreement. The balance of the lease amount will be paid at any of the treasuries in the Cuddapah district as follows:—

First instalment within fifteen days of the order confirming the sale.

Second instalment on or before 1st September 1923

In the case of one-year lease the full bid amount should be paid within fifteen days of the order confirming the sale.

7. Failure on the part of the contractor to make further deposit mentioned above or to execute the agreement or to pay up the instalment on the due dates will entail cancellation of the contract and forfeiture of the amount deposited by him and the right will be resold at his risk.

J. A. MASTER,
District Forest Officer, South Cuddapah.

Cuddapah, 6th July 1922.

TENDERS FOR SUPPLY OF ARTICLES OF DIET AND HOSPITAL SUPPLIES.

Tenders for supply of articles of diet and hospital supplies separately to each of the following hospitals:—

Government Headquarter Hospital, Salem.
Queen Alexandra Hospital, Salem
Police Hospital, Salem.

Notice is hereby given that sealed tenders in duplicate will be received up to 10 a.m. on Thursday the 17th August 1922 by the Superintendent, Government Headquarter Hospital, Salem, for the supply of non-perishable and perishable articles as detailed in the schedule annexed for the Government Headquarter Hospital, Queen Alexandra Hospital and Police Hospital, Salem.

2. A separate tender must be sent for each group of articles

3. Tenders will be opened by the Superintendent, Government Headquarter Hospital, Salem, at the appointed time in the presence of those interested who may choose to attend.

4. Tenders to be superscribed "Tender for the supply of diet and hospital necessaries for

(1) The Government Headquarter Hospital, Salem,
(2) Queen Alexandra Hospital, Salem, or
(3) Police Hospital, Salem."

Each tender must contain not only the rates but the total value of each item of supply entered in a separate column, the items of which must be totalled up

5. Each tender must be accompanied by a deposit in Government promissory notes or Bank receipts equal to 5 per cent on the total value of his tender or half of the deposit amount entered against the groups, and in default of such deposit the tender will be rejected. No tender will be received after the time fixed for the opening of the tenders. No cash will be received. The deposit will be returned to unsuccessful tenderers immediately.

6. The successful tenderer must, within three days from date of receiving intimation that his tender has been accepted, lodge security, namely, 10 per cent on the total value of the articles or the full deposit amount noted against groups; failing which his deposit shall be forfeited to Government.

7. No advance of cash will be made to the contractor.

8. A fine not exceeding 10 per cent of the deposit money will be levied for any infringement of the stipulations of the bond and if frequently repeated the contract will be cancelled and the security confiscated to Government. The contract must not be sublet. The contractor's security will be returned to him on completion of his contract.

9. Samples of the different articles must be furnished by each tenderer with his tender. The samples of the accepted tender will be sealed and lodged in the office of the Superintendent, Government Headquarter Hospital, Salem.

10. The Superintendent, Government Headquarter Hospital, Salem, reserves to himself the right of rejecting tenders or to decline to accept the tender for any one or more of the articles tendered for by the successful tenderer without assigning any reason for doing so.

11. Tenders containing rates manifestly below the market value of articles will be summarily rejected.

12. Every correction in the tender must invariably be initialled by the tenderer; failing which the tender will be rejected.

13. The quantity required shown against all articles in groups of the annexed schedule is only a probable one and will be more or less according to actual requirements. The Superintendent does not bind himself to receive the full number or quantity noted in the schedule.

14. Government promissory notes lodged as earnest security money or security deposit for a period of twelve months or less shall not be endorsed over in the Superintendent, but shall remain in the name of the depositor. Government will appropriate or cancel the notes as per G.O. No. 2288, dated 31st March 1880, authority to that effect being duly entered in the contract or other agreement executed by the depositor.

15. The successful contractor will be required to sign a bond and to pay the value of the proper stamp duty on the contract.

16. The tenderer should attach a certificate to his tender or tenders to the following effect :—

"I, the tenderer, agree to have the earnest money confiscated to Government in case of my failure to undertake the tender."

ABSTRACT OF SEASON REPORTS FOR THE WEEK ENDING 29TH JULY 1922.

SEASON TELEGRAM TO THE GOVERNMENT OF INDIA, REVENUE AND AGRICULTURAL DEPARTMENT, SIMLA.

Week ending 29th July 1922.—Rainfall very heavy Agency, Malabar and South Kanara; heavy Cochin; moderate Ganjam, Vizagapatam, Travancore and The Nilgiris; fair Godavari, Kistna, Kurnool, Bellary and Nellore; light or nil elsewhere. Rainfall in week generally below the average. Rainfall to date below average in Ganjam, Vizagapatam, Godavari, Coimbatore and Deccan. Transplanting of paddy mainly in the Circars and sowing of dry crops mainly in the Circars, Deccan and Central Districts proceeding. Sowings to date generally satisfactory except in Deccan, Coimbatore and Trichinopoly. Standing crops fair generally. Harvested groundnut; outturn fair; cotton, Southern Districts, poor to fair. Irrigation water is deficient in parts of Deccan, Carnatic, Central and Southern Districts. Pasture sufficient except in parts of Deccan. Fodder available. Prices steady. Prospects fair but dry crops require rain especially in Deccan and Central Districts. Five test-works Kurnool. Attendance 3,521; gratuitous 512.

OFFICE OF THE DIRECTOR OF AGRICULTURE,
MADRAS, 1st *August* 1922.

H. C. SAMPSON,
Director of Agriculture.

DISTRICT REPORTS.

AGENCY DIVISION.

Water-supply generally sufficient. Sowing and transplanting paddy and *ragi* and sowing cholam and gingelly in parts. Standing crops thriving. Pasture sufficient; fodder available except in six taluks. Condition of cattle good. Employment available. Grain-stocks sufficient. Prospects favourable.

GANJAM.

Rainfall to date below average. Water-supply generally sufficient except in parts of four taluks. Ruling depth 29·75 feet. Surada 21·70 feet. Transplanting paddy and *ragi*. Standing crops fair except in Chicacole taluk where crops require water and where gingelly is attacked by an insect-pest. Harvested second crop paddy and ragi; outturn fair. Pasture sufficient; fodder available except in two taluks. Condition of cattle generally good. Employment fair. Grain-stocks sufficient. Prospects fair. More rains required for transplanting paddy.

VIZAGAPATAM.

Rainfall to date below average. Water-supply sufficient except in three taluks. Transplantation of paddy commencing. Standing crops thriving. Harvested dry ragi; outturn fair. Pasture sufficient; fodder available. Condition of cattle good. Employment available. Grain-stocks sufficient. Prospects generally favourable in the inland taluks. Rains needed especially in the south.

GODAVARI.

Rainfall to date below average. Water-supply sufficient except in parts of upland taluks. Godavari 3·02 feet above anicut. Transplanting paddy in parts. Sowings to date restricted owing to late monsoon. Standing crops fair. Pasture sufficient except in one taluk and part of another; fodder available. Condition of cattle good. Employment available. Grain-stocks sufficient. Prospects fair.

KISTNA.

Rainfall to date below average. Water-supply sufficient except under tanks. Kistna 12·2 feet above anicut. Transplanting paddy. Sowings to date much below the average owing to the late receipt of freshes in the Kistna and Godavari rivers. Standing crops fair. Pasture sufficient; fodder available except in parts of one taluk. Condition of cattle generally good, but for anthrax and foot and mouth disease in parts of two taluks. Employment available. Grain-stocks sufficient. Prospects fair. More rains required.

GUNTUR.

Water-supply sufficient. Transplanting paddy and sowing cholam, cumbu, castors and cotton. Pasture generally sufficient. Fodder available. Condition of cattle good. Employment available. Grain-stocks sufficient. Prospects fair. More rains required in parts of Narasaraopet, Ongole, Vinukonda, Repalle and Bapatla taluks.

KURNOOL.

Rainfall to date below average. Water-supply sufficient in canals and canal-fed tanks. Tungabhadra 3·23 feet above zero; Pinnakanla 1 642 cubic feet per second. Sowing paddy, cholam, korra, varagu and groundnut. Standing crops fair. Pasture scanty; fodder generally available. Free removal of grass and leaves from reserves continues; some closed areas opened for grazing. Condition of cattle generally good, except in parts of four taluks. Employment generally available except in parts of Kurnool, Dhone and Pattikonda. Grain stocks sufficient except in parts of Dhone and Pattikonda. Season for sowing yellow cholam in red soils already expired but sowing of other dry crops proceeding on a fair scale owing to recent rains. Prospects therefore improving. Only five test-works in progress.

BELLARY.

Water-supply sufficient in rivers and channels and in wells except in the western taluks, and generally insufficient in tanks except in Hospet. Sowing paddy, cholam, cumbu, korra and cotton in parts. Sowings only in the western taluks and in scattered red soil tracts in the eastern taluks except Alur where cultivation has not yet begun owing to inadequate rainfall. Standing crops fair. Dry crops reviving in Siruguppa; rains not sufficient in Bellary. Pasture insufficient except to a small extent in parts; fodder available. Condition of cattle generally good except for foot and mouth disease in one village. Employment generally available. Grain-stocks generally sufficient. Prospects improving slightly but more rains needed especially in the western taluks and in Rayadrug.

ANANTAPUR.

Rainfall to date much below the average. Water-supply insufficient. Sowings to date restricted as a large extent of land is left untown in Gooty where the rainfall was neither general nor evenly distributed and is also far below the average. Standing crops slightly benefited by the little rains during the week. Pasture scarce; fodder available. Condition of cattle generally good but for rinderpest in one village, cattle-disease (unspecified) in two villages and foot-and-mouth disease in parts of one taluk. Employment available except in the Gooty taluk, where it is limited. Grain-stocks sufficient. Prospects generally fair except in Gooty. More rains urgently needed both for sowing and for standing crops.

CUDDAPAH.

Rains deficient in the north-eastern taluks adjoining Kurnool and Anantapur. Water-supply generally insufficient except under wells and in tanks in five taluks. Sowing paddy, cholam, ragi, groundnut and indigo in parts. Sowings to date much restricted as compared with the average. Standing crops fair. Pasture sufficient except in three taluks; fodder available. Condition of cattle generally good. Employment available. Grain-stocks sufficient. Prospects fair.

NELLORE.

Water-supply in Kanigiri reservoir and Sangam anicut adequate; insufficient in other sources. Sowing cholam, cumbu, cotton and cotton in parts.
